PURPOSES AND OBJECTIVES

Adopted 8-7-97

Unified School District #477 seeks to challenge students to achieve and to provide a standard of quality. Its purpose is to prepare students to live in a changing world. The varied instruction and co-curricular programs are designed to provide both academic and life skills training. Emphasis is also given to basic practical and social skills, responsibility, values, and citizenship.

To accomplish this purpose, the following objectives have been defined:

1. To prepare for either further education or immediate employment by providing students with an exposure to a variety of course offerings that will allow informed choices for a future occupation. To provide the depth in both academic and life skill areas that will allow for success in either. To give the direction necessary through counseling services and interest in each student.
2. To provide the student with the basic skills necessary to perform within society. To stress in addition to traditional skills, the practical skill necessary for living in a complex and changing world.
3. To provide the students with information and a variety of experiences that emphasize the social skills that are based on group participation, interaction, and cooperation.
4. To develop the comprehensive ability to solve problems and the open-mindedness that will enlarge the student's ability to examine opinions objectively to adapt to a changing world, to understand and tolerate differences and uncertainty, and to act responsibly.
5. To create an atmosphere that increases a concern for others and self, an acceptance of a value structure, and positive attitude as well as a sound work ethic.
6. To develop the responsiveness to democratic values that will encourage responsible participation in political processes, foster an understanding of the United States and its relationship to other countries, and to increase acceptance of law and orderly changes.
7. To provide activities and instruction that will encourage an appreciation for cultural arts and physical education so that students can incorporate these into daily living and find meaningful use for leisure time.

ATTENDANCE

PHILOSOPHY OF ATTENDANCE

Adopted 5-19-08

USD 477 staff members believe that a direct correlation exists between regular school attendance and academic achievement. Students should develop habits of punctuality and responsibility which will later be vital in the business community or the world of work. Also, each day teachers design learning experiences which serve as building blocks for the students' total education. Absences will result in inconsistent learning, reduced achievement, inferior work, failure, dropouts or suspension. Therefore, the following items are adopted as policy:

The principal of each attendance center is designated by the Board of Education as the person responsible to report cases of truancy to the juvenile court.

Students shall receive zeros for class work assigned or not turned in once they have accumulated 7 absences, excused or otherwise, per class during a semester. Exceptions are made for extenuating circumstances. At the 5th absence within one class per semester, the teacher will notify the student on the next day in attendance that they are two absences away from getting zeros. The teacher will also notify the principal on the day of the 5th absence. The principal will call the parent(s) and follow up with a letter as a reminder of the school policy. If there is an extenuating circumstance, it will be addressed by a committee made up of the principal, assistant principal, counselor, S.A.T. chair and the teacher(s) involved. On the 9th full day absence for the semester and for each absence after, a Saturday school will be assigned. If Saturday School is missed, it results in 1 day of I.S.S. the next school day and the student being ineligible that week.

A child is truant if he is subject to the compulsory laws but is not enrolled in a public or nonpublic school or is subject to the compulsory attendance laws and is enrolled in school but is inexcusably absent for three consecutive days or more than four days in a semester.

ATTENDANCE POLICY

Adopted 5-19-08

A student is considered absent when he/she is not in regular school classes or in a school - sponsored activity. If a student is absent from school, the parents must notify the office by phone or a signed, written note.

If a student is absent, an attempt will be made by the school to verify the absence by a phone call to the parents. This call will not be necessary if a parent or guardian calls early on the morning of a student's absence and reports it to the secretary.

Any part of the school day missed is defined as either absence or tardy. Tardy is being late to a class, up to 10 minutes - absence is missing one or more classes or showing up to class after 10 minutes. For attendance purposes the office will keep track of absence on an hourly basis. Students excused to miss any part of a school day must have a "Permit to Leave the Building" slip. (Includes doctors, dentists, and legal matters) Students are expected to return directly to school after business is completed.

If a student becomes ill during the school day, he/she shall report to the school office, who will contact a parent or guardian before releasing the student. If no one can be reached, the student will be kept at school.

If a student has been absent from school, any part of the day, because of illness, they are ineligible to participate in extracurricular activities that day. This includes activity practices.

EXCUSED ABSENCES

Adopted 6-22-01

1. Personal illness
2. Medical appointments.
3. Serious illness or death of a member of the family.
4. Emergencies calling for the student's services at home.
5. Obligatory religious observations.
6. Participation in a district-approved school-sponsored activity.
7. Parent/s obtaining office approval in advance by phone or in person.

EXCUSED ABSENCE PROCEDURE

Adopted 8-7-97

1. A note or phone call from the parent or guardian is needed by the office to approve absences on or before the first day the student returns.
2. Students will get make-up work from teachers on the first day they get back to school.
3. Students will be granted one day to get work turned in from days missed, unless other arrangements can be worked out with the teacher or teachers.
4. Primary responsibility for making up work rest with the students, however, every reasonable effort will be made to assist students in the efforts to make-up missed work due to an excused absence.

UNEXCUSED ABSENCES

Adopted 8-15-16

Students shall receive zeros (no credit) for all class work assigned or not turned in.

- 1st unexcused absence: Principal will have a conference with student and parents will be notified
- 2nd unexcused absence: Principal will have a conference with the student and their parents. The student will receive one day of ISS.
- 3rd unexcused absence: An additional student/parent conference will be held and the student will be assigned additional days of ISS or OSS.
- 4th unexcused absence: Student/parents will be required to meet with the Principal and Superintendent to discuss a more effective plan of discipline and corrective action. Law enforcement may be involved at this level.

These guidelines pertain to the entire school year.

PREARRANGED ABSENCE

Adopted 8-7-97

In the case of a prearranged absence, a written request well in advance of the first day of absence will be required to be presented by the student on behalf of the parent or guardian, or in person by the parent or guardian, to the BUILDING PRINCIPAL. If permission is granted by the principal, the student will be expected to make up all work, if feasible, prior to the first day of absence. These could include scheduled monthly Dr. appointments, family vacations, other absences which were arranged/ known in advance, etc. Students are encouraged to meet with all teachers well in advance of the absence to arrange for homework.

MAKE-UP WORK

Adopted 5-19-08

It is the student's responsibility to obtain all materials and information that were covered in class(es) missed due to an absence. Students should plan in advance of their absence when they are aware that they will be missing school work. They should confer with each teacher relative to their absence and make up as much work as possible in advance of this, realizing, of course, that it is impossible to make up all the work in certain areas.

If the absence was excused, a teacher will allow one day for makeup work and test(s) to be completed. If a student is absent for more consecutive days, he/she should meet with the class instructor and work out an extension.

If the absence is unexcused, class work missed may be requested by the student, completed, and turned in to be evaluated for NO credit.

COLLEGE VISITS

Adopted 12-6-04

Juniors and Seniors are allowed post secondary visits (maximum of two) each year. These need to be scheduled thru the counselor's office before the visit is made. No college visits will be permitted for students on the ineligible list.

DROP FROM ENROLLMENT POLICY

Adopted 12-6-04

After 10 days, a student that plans to be gone for an extended period will be dropped from the register. When the student returns, the student will re-enroll. Reason: Some of the students are taken out of school by the parents for an extended time. The QPA report asks for absences and when we keep the students on the roll, it looks like the student was absent for an extended time.

TARDY POLICY

Adopted 6-22-01

A student is tardy any time he/she enters a classroom after the tardy bell has rung without a written excuse from a teacher, principal or secretary. Tardies are a disruption to normal classroom procedures and activities. Tardies are usually caused by carelessness rather than necessity. Students will receive detention time when they have an unexcused tardy. A minimum of 15 minutes detention time will be administered. The student will serve 15 minutes plus one minute for each minute tardy. Detention will be served the same day the tardy occurred. (24 hours notice is required for students that ride the bus.) If detention is missed, double time will be assigned, the next step will be Saturday school. If a student is detained by a teacher, it is the student's responsibility to get a pass from the teacher. Students who are late because of buses do not need an excuse from the office.

Each student wanting to participate must be approved by teachers, principal, and counselor.

REPORT CARDS

Adopted 8-7-97

Report cards will be issued at the completion of each grading period. The individual grade cards will be mailed during the week following the end of the nine week period.

PROGRESS REPORTS

Adopted 8-7-97

Progress reports and up slips will be issued at the middle of each grading period. The slips will be given to failing or near failing students. Down slips are to serve as a reminder that the student has approximately four weeks to improve his/her academic standing. Up slips will be given to students doing outstanding work. They are a pat on the back for a job well done.

GO.EDUSTAR

Adopted 5-19-08

To facilitate communication between parents and the school, Go.edustar Home Communication will serve as a messenger service. The web-based program will allow parents to access grades, attendance, and discipline referrals from any computer with internet capability. Information on setting up passwords and accessing this site may be obtained in the HS/MS office. We encourage parents to use this service on a regular basis to monitor their student's progress.

SCHOLARSHIP

Adopted 8-7-97

One of the most important records you will have during your school years and in later life will be your scholarship record. It is permanent and will be the basis for college or for business positions. Make your record the best that you can. Remember, your record starts from the first day you step through the school doors and continues to accumulate until you leave the school for good.

The following is an explanation of the grading system:

- A...Superior
 - Scholarship exceeding requirements of the instructor. Initiative-Contributions exceeding assignments, and shows resourcefulness.
- B...Good-Above Average.
 - Scholarship strong and complete, meeting all requirements. Initiative

good when stimulated by some desirable achievement. Improvement showing progress.

- C...Average
 - Scholarship barely meeting assignments and showing evidence of need of encouragement. Initiative uncertain. Improvement very neutral but not objectionable.
- D...Below average, yet passing.
 - Scholarship not meeting all assignments and requirements of instructor. Initiative lacking. Attitude indifferent. Improvement not noticeable.
- F...Failing.
 - A failing grade is the result of noticeable deficiencies in areas of scholarship, initiative, attitude, cooperation, and individual improvement.

***Reminder:** cumulative semester tests may account for up to 10% of the final semester grade!

GRADING SCALE

Adopted 7-2-18

GRADE POINTS

A = 4
B = 3
C = 2
D = 1
F = 0

GRADING SYSTEM

A = 90-100
B = 80-89
C = 70-79
D = 60-69
F = 59 & Below

VALEDICTORIAN AND SALUTATORIAN

Adopted 9-14-15

The valedictorian and salutatorian for the high school shall be the students having the highest and the next highest grade point average using overall GPA with students completing Board of Regents Qualified Admissions Recommended Curriculum. In order for a student to be considered eligible for these high honors, they must have attended Ingalls High School for a minimum of five semesters. This determination will be calculated (to three decimal places) at the end of the first semester of a student's senior year (7 semesters). In the event there is a tie, each tying student will receive the same designation.

HONOR ROLL

Adopted 5-19-08

Anyone with an average below "B" would not qualify as an honor student. A student who receives a "D" or "F" in one or more courses will not be on the "A" or "A-B" honor roll. The basis for determining eligibility shall be:

"A" Honor roll.....4.00

"A-B" Honor roll.....3.50-3.99

"B" Honor roll.....3.00-3.49

HONORS BANQUET

Adopted 5-1-17

An Honors Banquet will be held in the spring semester of each year for fifth graders, eighth graders, and juniors. In order to participate, a student must be on the "A" or "A-B" Honor Roll for a combined total of five semesters leading up to the current school year. Those who display exemplary citizenship and have perfect attendance for the combined three year period will also be invited.

CHEATING

Adopted 6-22-01

Cheating on an assignment or a test will result in an automatic zero for that assignment or test! Parents will be notified and students will be placed on discipline steps.

SEMESTER TESTS

Adopted 7-2-18

Cumulative tests or "finals" will be administered to high school level students at the end of each semester. These exams will test the knowledge the students have gained over the course of the semester and help them prepare for major exams in further academic studies. Semester tests may consist of performance tests, projects, or written exams and will count as ten percent of the students' final semester grade. A general scheduling of semester test dates will be published in the district calendar each year. A clearly specified exam schedule will be made available to students and parents from the high school office within the last three weeks of each semester.

STUDENT ASSISTANTS

Adopted 9-9-02

In order to provide faculty members with assistance in the classroom which will ultimately be of benefit to students, student assistants will be used when the procedure below is followed. (State Law prohibits students from having access to a grade book or grade papers)

1. The need for student assistants will be determined by the teacher, counselor, and building principal.
2. The proposal, stating the need and expected goals will be filed with the High School Principal.
3. Student assistants will be screened by the counselor and must meet the following criteria:
 - A. They must be full time 12th grade students with average or above average grades and sign a confidentiality agreement.
 - B. Student assistants will receive information and guidelines as prescribed by the counselor before going into the classroom.
4. Final selection will be made by the High School Principal.
5. In the event the demand exceeds the supply of student assistants, they will be assigned on a priority basis.
6. In the event the student assistants own achievement begins to decline or if the teacher-student assistant relationship is not satisfactory, adjustments or reassignment will be made.
7. The length of time a student assistant will work in the classroom will be determined by the teacher, but in no event will exceed 1 class period.
8. Student Assistants will be graded on a regular grading scale.
9. A student may not have more than one aide period per day.

CLASSIFICATION OF STUDENTS

Adopted 7-6-99

Classification as a sophomore requires that the student has completed requirements for five (5) credits; classification as a junior requires that the student has completed twelve (12) credits at the end of the sophomore year; classification as a senior requires that the student has completed eighteen (18) credits at the end of the junior year.

Students must have senior classification at the beginning of the school term to be eligible to order graduation announcements, cap and gown, or to participate in any commencement activities. A student not having the required eighteen (18) credits, who

shows evidence of completing work by correspondence or summer school, may request special consideration by the administration.

ELIGIBILITY

Adopted 6-5-23

Starting after the 3rd week of each semester, any student receiving one or more F's or 3 D's will be placed on probation status for one week. Students who have 3 or more "red" areas on the Summit Learning Platform are also considered to be on probation. If the grades are not brought up the following week or if one or more F's or 3 D's are present, then they will be ineligible to participate or attend in home or away school activities during or after school for the following week. This would be from Monday through Sunday. Once the student raises his/her grades, then he/she would be able to participate or attend in the following week's activities. Students on the ineligible list or on probation would be in mandatory At Risk Study Hall two days that week. Students will remain ineligible if they fail to comply with this policy. (Exceptions could be made for sickness; appointments will be evaluated on an individual basis.) Should a student become ineligible and the teacher has not taken a grade for that week, the student will regain eligibility.

Activities that are included are football games, volleyball games, basketball games, track meets, scholars bowl meets, vocal concerts/clinics, band concerts/clinics, career days, college representatives visits, field trips, speech contest, math contest, prom decorating, prom, dances, and other school related activities. This is under the premise that the activity is not counting toward the student's grade.

The principal, assistant principal or counselor will be responsible for contacting the student's parents and advising them of the At Risk Program requirements. An eligibility list will be distributed by 5th hour or earlier. Teachers are responsible for telling students he/she is failing in their class.

AT RISK STUDY HALL

Adopted 7-13-09

It is our goal to provide all students with the best education possible. "AT RISK STUDY HALL" will be assigned to all academically ineligible students as well as those

on probation. This additional help is provided for the student to possibly prevent the student from reaching ineligible status or to help them return to eligible status.

Staff members will be required to turn in a failing list to the office on the first school day of the week. Students receiving one or more F's or 3 D's will be required to attend AT RISK STUDY HALL two days that week. Study Hall will be available after school Monday to Thursday from 3:55 p.m. to 4:45 p.m. or from 7:00 a.m. to 7:50 a.m. Tuesday and Thursday mornings.

AT RISK STUDY HALL RULES

1. Student will be on time. If late, time will be made up.
2. Student will come prepared and have all the materials assigned by his/her teacher(s).
3. No communication with other students. If you have a question, raise your hand and the supervisor will help you.
1. Students are to remain in their chair unless they have permission from the supervisor.
5. No gum, candy, pop, etc...
6. Students will not sleep nor lay their head on the desk.
7. Student will not damage school property in any way. If damage is done, the student is responsible for the replacement costs.
8. Poor behavior during the student's time will result in removal from study hall, and notification will be sent to the assigned teacher.

Consequences for missing "AT RISK STUDY HALL": 1 day of I.S.S for each one missed that week to be served the next school day(s) and the student being ineligible that next week.

TRANSFER AND WITHDRAWAL OF STUDENTS

Adopted 8-7-97

Anyone wishing to withdraw from school for any reason, should first report to the office where a reason for withdrawing should be given. The student will then be asked to go to the teacher and have a withdrawal form signed. This withdrawal form must be signed by the principal.

When a student transfers, his/her records will indicate grades earned. If the transfer is before the end of a regular period, grades will be based on work done from the beginning of the semester. The records will note the number of days upon which grades are based.

All library books, equipment, and textbooks should be turned in before leaving the building. No records will be sent to any other school, employer, or the military service until all personal obligations have been cleared with this building.

SCHEDULE CHANGES

Adopted 7-31-98

USD #477 high school offers classes that are one semester and one year in length. Schedule changes will be permitted during the first week of new semester (first 3 days for quarter classes) for the following reasons only:

1. Lack of prerequisites for the course.
2. Changing a vocational or educational objective.
3. Having already successfully completed the class.
4. Needing a change to meet graduation requirements.

Students having academic difficulty in any class should visit with a counselor or investigate alternatives.

* A student must confer with parents, teachers, counselor, and must obtain written parental permission and principal approval to change classes.

REPEATING COURSES

Adopted 5-19-08

Required courses must be repeated if a failing grade is earned. Also, a student may repeat any elective course, but will receive credit for the course only once. The exception to this policy will be Band and/or Vocal Music, Yearbook, Newsletter, and PE courses.

JUCO ELIGIBILITY

Adopted 8-7-97

If a student is to attend a portion of each school day at Junior College, they must have a grade point average of 3.5 or better on a 4.0 scale or obtain the counselor and Principals permission.

WORK RELEASE

Adopted 6-7-23

All seniors attend classes full days the first semester. Seniors may go 1/2 day to VoTech, if arranged. Any exceptions to this rule will be decided by the superintendent representing the Board of Education. Seniors may be released to work 1/2 days (second semester), if required courses and credits for graduation are in order. This action requires board approval and is handled by the following procedure:

A. Four letters are required by the board.

1. From the school as to the students standing and the school recommendation.
2. From the student as to his/her plans, and the job he/she will attend.
3. From the student's parents giving their approval.
4. From the employer verifying employment.

B. Letters are brought to the high school prior to the December board meeting before that particular nine weeks starts. The letters are then sent to the superintendent for board action. This time procedure makes for a smoother transaction for all concerned. This procedure allows some seniors to go ahead with plans if their high school education is pretty much completed. Students who leave early are still required to have all the required courses and 24 total credits. The procedure also requires those seniors who pursue it to make some definite plans and commitments. Those who are ready are able to get an early jump on a job or additional schooling. Students must remain in good standing with their employers. Employers will be asked to submit student evaluation forms to the Principal every two weeks to ensure that acceptable attendance, punctuality and work standards are being met. Students removed from work release will be placed back in classes where possible or other placement at the discretion of the principal and counselor. This could mean placement in I.S.S. part or all the 2nd half of each day.

STUDENT AFFAIRS

PERSONAL APPEARANCE

Adopted 8-15-16

The personal appearance of students attending Ingalls Schools is the responsibility of their parents. Students are expected to present themselves cleanly and neatly. The personal appearance of students shall become a responsibility of the school administration only when their mode of dress or personal grooming habits are disruptive to the function of the school and/or other members of the student body.

The dress code will be strictly enforced during school **and at all school activities**. The first offense will constitute a phone call home or written notification. A second violation will result in a parent bringing appropriate clothing to the school while the child remains in school suspension, or if the child can rectify the situation with clothing at the school, the inappropriate clothing will remain in the office until a parent retrieves the article.

- Hats will not be allowed in the building – even at school activities.
Pierced earrings worn in the ears are the only acceptable form of body piercing that will be allowed. All safety concerns in this area will be addressed.
- No wallet chains or spiked jewelry will be allowed.
- No black lipstick will be allowed.
- No trench coats will be allowed in the school.
- No clothing with obscene or suggestive pictures or words on them, or clothing that advertises gangs, drugs, alcohol, bars, or tobacco will be allowed. If worn, the student will be required to turn his/her shirt inside out or change it.

- No mesh shirts, tank tops, spaghetti straps, ripped or midriff shirts (no showing of skin around the midriff while arms are raised) .

- Sunglasses are not allowed unless they are prescription lenses or approved and/or required by a doctor.

Any exceptions to the dress policy must be approved by administration. (Prom, etc.)

ELECTRONIC DEVICES

Adopted 6-10-19

The best educational setting is one that is free from as many distractions as possible. Personal electronic devices such as cell phones, tablets or iPads, laptops, technology rich watches with connective capabilities (iWatch, Garmin, etc), and iPods have a tendency to be misused and cause many distractions within the school day.

To that end, it is school policy that these devices **are not to be used during school time** due to their disruptive nature. With the exception of seniors using personal laptops for educational courses, students are not to have these items in their backpack or on their person during the school day. We expect students to leave their electronic devices in their book/coat locker (silenced or off) or in their vehicle during the school day. The school will not be responsible for theft or damage of these items. Emergency contact with students must take place through the office by phone or walk-in request. Student cell phones are not to be used for parent/relative contact during academic hours unless supervised by a staff member in the office.

The following consequences will result for a violation of this policy:

1st offense: The device will be confiscated for the remainder of the school day. A warning will be issued as a result of an administrator/student conference and parents will be notified.

2nd offense: Again, the device will be confiscated and parents will be notified to pick it up at the office. The student will receive loss of all electronic privileges at school for ten consecutive days and be placed in ISS for two days.

3rd offense: Parents will be notified about the students repeated willful disobedience of the school's personal device policies. The student will be considered "defiant" and placed on discipline steps appropriately. This will result in multiple days of OSS and loss of all electronics at school for the remainder of the semester, or school year depending on the timing of the repeated infractions.

WEATHER POLICIES

Adopted 8-8-11

Parents will be notified of school closing using the School Reach Calling System. It is the parents and students responsibility to let us know if phone numbers change or other contact numbers are necessary. Local radio and television stations will also be given the information. Many times decisions on whether or not to hold school have to be made quickly.

FIRE AND SEVERE WEATHER DRILLS

Adopted 8-7-97

A fire drill is conducted at least once a month during the school year in accordance with Kansas School Code. Tornado drills are held periodically during the year in order that students know the proper procedure in case of disaster that might occur in connection with weather conditions. The tornado drills are also aligned with current information regarding civil defense.

THE GUIDANCE PROGRAM

Adopted 8-7-97

Through the efforts of the school's guidance counselor, a complete guidance program is maintained at the high school. A complete testing program designed to assist and evaluate students' abilities and aptitudes will be maintained throughout the school. A complete cumulative record of each child's test and experiences will be kept by the guidance counselor and the general office.

Counseling time will be assigned to each high school student, whereby he or she may counsel with the guidance director as to educational and vocational decisions.

Guidance at the high school is a process that helps each student to become the person he or she is capable of becoming in the school, family, and community.

OBJECTIVES OF THE GUIDANCE PROGRAM

Adopted 8-7-97

The objectives of the guidance program are part of and support the objectives of the total school program. Classroom teachers and counselors are working in the same educational program; and all are responsible for such school objectives as are cooperatively established by the faculty, administration and the community.

Adopted 8-8-11

Prescription medicine must be brought to the office for security and safety reasons. No medication is to be kept in lockers at anytime. Prescriptions must be in the original container and be prescribed by a doctor. Information concerning the amount and frequency of the dosage must accompany the medicine. Because schools do not administer medications, the school personnel will only observe and record that the medication was taken. (Ask your pharmacist for a second, labeled bottle to be brought to school.)

ACTIVITY TRIPS

Adopted 8-7-97

Students riding the bus to any activity must comply with the transportation rules as set down by the USD #477 Board of Education, which states that students riding the bus are to return on the bus. The only exception will be if the parent requests, in person, by phone or a written note that the child goes with them or another designated person. The parent with whom the student is riding, must sign the DISTRICT FORM before the student can be released.

The school is not responsible for articles lost or stolen from lockers. Food and drink in lockers will draw ants and will be removed. Do not share lockers or give out locker combination. Students are responsible for keeping school lockers in good condition inside and out. School officials reserve the right to search lockers when the situation warrants it.

Nothing can or may be removed from a locker without the student being present at the time of the removal of the questionable article or articles, except books owned by the school.

They will be released to the old gym.

VISITORS TO THE SCHOOLS

Adopted 8-7-97

All visitors to the school buildings of the district shall first make their presence known to the building principal or his designated representative before proceeding to contact any other person in the building. Violation of this rule may lead to removal from the building and denial of further access to the building. Students may visit the school and classroom after securing permission from the teachers and principal.

Any student that desires to bring a guest to school must get approval from teachers and principal one day in advance.

STUDENTS AND VEHICLES

Adopted 7-31-98

Students who drive to school shall park them in the area designated. Students are NOT to drive their cars or be in the parking lot area during school hours.

The Sheriff's department has been given the authority by the Board of Education to patrol and enforce the law on school grounds.

Students leaving the school or retrieving something from their cars during the school day must get permission from the office or a teacher. Upon returning, a student must report to the office and receive a pass to class.

Loitering in or out of vehicles is prohibited. Upon arrival at school, students should exit vehicles as soon as possible, and enter the school building.

Students are asked to park in the appropriate manner. All vehicles should be “headed in” between the lines, and only taking up one space.

It is the school’s responsibility to know the whereabouts of all students during school hours. Any one requesting a student must inquire through the office

STUDENT DISCIPLINE

PHILOSOPHY OF DISCIPLINE

Adopted 8-7-97

The USD #477 Middle and High School philosophy of discipline is designed to provide an environment in which students can be motivated and taught to demonstrate personal, social, and academic behaviors appropriate to their age and maturity level.

Reasonable rules and regulations are necessary for ensuring the best interests and welfare of the individual student and the total school population.

Each individual has the right to an education. However, that does not mean the individual is entitled to special rights or privileges that interfere with the educational pursuits of others.

Students must learn to follow basic school rules, regulations, and policies so that they may understand and accept the process of living in a society governed by rules, regulations, and laws.

The work of the teacher, counselor, or principal is not one of repression and authoritarianism, but one of education. The ultimate goal is self-discipline.

If a student knows ahead of time that he will be in In-School Suspension, he should get his assignments from his teachers.
3. Students in In-School Suspension stay in the same room all day and eat their lunch there. They may not talk. They are allowed to use the restroom.
4. Students that are in In-School Suspension for one day or longer are not in good standing and are thereby prohibited from representing his/her school in any extracurricular activities during the period of suspension.

Postage and stationary costs may be added to the original bill.

If full payment is not received by the clerk within ten days after mailing of the final notice, authorization for the enforcement of collection may be obtained through the local small claims court in compliance with Kansas statutes or the superintendent or superintendent's designee may turn the matter over to legal counsel to commence debt collection proceedings on behalf of the district.

CONSTITUTION FOR IHS DANCE TEAM

Adopted 5/2/16

Mission Statement

This squad exists to promote school spirit throughout Ingalls High School through the art of dance. It seeks to exemplify high standards that are empowered by the school, driven by hard work, and dedicated to excellence.

Introduction

The goal of the dance team is to provide you with an opportunity to develop your dancing skills, confidence, and leadership in a positive and safe environment. When becoming a part of the IHS Dance Team, you are committing yourself to participation in it for an entire school term. You may not pick and choose to only dance for certain events – you will be required to dance for multiple seasons of sport as required by the constitution and/or the coach. If you become a part of the dance team at IHS you will be expected to do more than simply perform. You will be agreeing to conduct yourself as a mature and strong individual among a unified team that will represent Ingalls High and our community with pride and integrity.

Listed below are the articles of the dance team constitution that outline the qualifications for membership and the responsibilities that each dancer must agree to.

***Article 1 – Requirements for membership:**

- Students must be in good physical condition. Each student must supply a completed KSHSAA physical form to the coach/school before they are allowed to participate in any kind of physical activities associated with the team. Members will be expected to fulfill any exercise or training regimens as required by the coach.
- Students must remain in good academic standing. It is imperative that members understand that they are students first and dancers second. Any member that fails to maintain a 2.0 GPA or cannot meet the weekly eligibility requirements for Ingalls High School will not be allowed to perform until the academic shortfall is rectified.
- Students must exercise appropriate personal conduct. Members should exercise good sportsmanship and self-discipline at all times. Dancers should always represent themselves in a positive manner so as to be considered an asset to the dance team and Ingalls High. Members shall obey the instruction of the administrators, coaches, captain, and any other school officials at all times. Members shall not smoke, drink alcoholic beverages, or use illegal drugs while a member of this organization. Any proven or witnessed report of this information would result in disciplinary action or dismissal from the team. Dancers should never conduct themselves in a way that brings reproach on the school or team. They are to be good examples of character for their fellow students and the community.

***Article 2 – Performance Responsibilities:**

- Each team performer is expected to be present and participate in all dance team functions. This includes all performances, practices, meetings, fundraisers, workshops, and camps.
- Performers are expected to report promptly to all practices and performances at the designated time. Performers are also expected to remain at practice for the

entire practice period. Consistent tardiness to practice or leaving practice early will be dealt with on an individual basis and can result in suspension from the next performance.

- All performers are expected to actively participate in practice sessions. “Sitting out” for any reason will constitute an absence, unless coaches have given prior approval. Excessive talking or other disruptive activity during practice will result in disciplinary action administered by the coach. A practice schedule will be agreed upon and distributed by the coach at the beginning of each season. Additional practices may be called if the need arises.
- Performers are responsible for knowing every routine before a performance. If a performer needs extra attention to learn a routine, they can ask for special assistance. The last practice before a performance will be an informal tryout in which the performer’s knowledge of the routine is judged by the coach. Should the coach feel a performer does not know the routine well enough, the member will be pulled from that performance. The performer will still be expected to attend the performance in uniform and sit with the team.
- Performers may be removed from a performance for any of the following reasons:
 - a. failure to have the proper uniform
 - b. late arrival on performance date
 - c. excessive misbehavior at any practice session
 - d. not attending the last practice before any performance
 - e. the coach feels the member has not adequately learned the routine
 - f. absent from school due to illness on the day of the performance
 - g. any administrative referral or discipline received in school

***Article 3 – Uniform Requirements:**

- Uniforms must be worn properly and meet requirements for appropriateness, cleanliness, and neatness for each performance
- During performances: make-up, hairstyles, and personal appearance requirements will be enforced by the coach. All long hair shall be tied in ponytails or designated hairstyle with a clean look for performances. Make-up and lipstick may be required depending on the performance. Jewelry such as rings, watches, bracelets, earrings, necklaces and unauthorized hair ornaments shall not be worn during performances. Jewelry may be worn while in uniform at non-performing times as long as it is flattering and not excessive. All regulations of the KSHSAA will be enforced during performance situations.
- The coach will perform a uniform inspection before each performance to insure dress uniformity. Non-adherence to the dress for that performance will result in removal from that particular performance.
